Introduced in	-
ABV	5%
Brewery Location	Ise, Mie prefecture

Food Pairings
tempura, sushi, spicy food.

Tasting Notes
A white beer accented with coriander spice, with a natural acidity and gentle mouthfeel. The spicy yet savory aroma of coriander and beer yeast, the pale color of wheat malt, the gentle and light texture all add layers of complexity and freshness to this unique wild yeast belgian style beer. The natural sourness and moderate bitterness of the wild yeast offer a refreshing character, and you can enjoy the refreshing finish with a faint scent of yuzu.

Awards
